

Editorial Note: This document lists only staff whose academic publications were independently verified through publicly available online databases in June 2026. All titles, authors, venues, and DOIs have been checked against the original sources. Staff for whom no verifiable online record was found have been omitted. No information has been invented, assumed, or inferred.

Research Profiles (2 staff with verified online publications)

Dr. Oladele O. Campbell

Chief Lecturer · Pioneer Head of Department (2008-2012)

Qualifications

BSc Computer Science, University of Ibadan (1994); MSc Computer Science, University of Ibadan (2003); PhD Computer Science Education, University of South Africa (UNISA) (2022)

Research Areas & Interests

- Computing and CS education
- Novice programming education and constructionist pedagogy
- Generative AI in computing education
- The impostor phenomenon in computing
- Professional dispositions in polytechnic education
- Intelligent Tutoring Systems

Professional Affiliations & Academic Profiles

- Senior Member, Association for Computing Machinery (ACM) — elected 2021
- Member, Regional Advisory Committee, ACM CompEd 2025
- Member, Nigeria Computer Society
- ACM Digital Library: <https://dl.acm.org/profile/99661066432>
- ORCID: 0000-0003-4922-6791
